

Deluxe Edition Stage Plot - 2016

Requirements:

1. Minimum stage size - 25' w x 15' d
2. 2 - 20 amp electrical circuits (1 per side of stage) required.

Notes:

1. Fog/Haze used as part of lighting show. Venue management should be notified to determine if fire or smoke alarm systems could be affected.
2. Lasers may be used. Operators are FDA Variance approved for Laser use. Mirrors, windows and other reflective surfaces in the venue may limit Laser use for safety concerns.
